

## Course Accreditation and Recognition Application Form for UK HEIs

Below is a list of university degree courses that have been accredited or recognised through the IMA's Course Accreditation and Recognition (CAR) scheme. The CAR scheme commenced in 2025/26. Prior to this, the Course Accreditation scheme accredited degree courses only. To check the accreditation status of a university or a particular degree course pre-2025/26, please refer to the list of IMA Accredited Degree Courses on the [CAR webpage](#).

CAR is awarded at three levels:

1. **Recognition:** meets the educational requirements for IMA membership (Student, Associate, Member or Fellow).
2. **Accreditation at BSc (Hons) level:** meets the educational requirements for Chartered Mathematician (CMath), when followed by further study or appropriate professional experience.
3. **Accreditation at Masters level:** fully meets the educational requirements for CMath.

Degree courses accredited at BSc or Masters level are also granted Recognition automatically.

| University         | Degree Courses                                                                 | Accredited and Recognised | Recognised Only | Valid for students commencing degree courses in the academic years |
|--------------------|--------------------------------------------------------------------------------|---------------------------|-----------------|--------------------------------------------------------------------|
| Aston University   | BSc (Hons) Mathematics                                                         | ✓                         |                 | 2026/27 to 2030/31                                                 |
|                    | BSc (Hons) Mathematics (with placement year)                                   | ✓                         |                 | 2022/23 to 2030/31                                                 |
|                    | BSc (Hons) Mathematics with Economics                                          | ✓                         |                 | 2026/27 to 2030/31                                                 |
| Cardiff University | BSc (Hons) Mathematics                                                         | ✓                         |                 | 2026/27 to 2030/31                                                 |
|                    | BSc (Hons) Mathematics with a Professional Placement Year                      | ✓                         |                 | 2026/27 to 2030/31                                                 |
